I was just confirming; my assumption was that it is. Our understanding is that cost of USACE managing the contracts on the LPR is approximately 30%. We wanted to ensure that our internal cost estimate which includes an EPA oversight estimate - also include the current contract management cost by USACE

I don't see why this work would be treated differently than any other work, but we're not really sure what you're talking about.....could you please clarify?

Thanks

Will the USACE contract mark up be applied to the RM 10.9 Removal - is it still a 1.3 multiplier - we are trying to do fully loaded cot estimate....

Thanks
